

SUPREMIUM DIESEL B7 (1/400)

PRODUCT INFORMATION

DESCRIPTION

SUPREMIUM DIESEL is an additive package developed to improve the quality of ordinary diesel fuel to high-performance diesel fuel.

PROPERTIES

1. **Fuel Savings – Improving Cetane Number**
 - a. Increases the cetane number of EN 590 diesel fuels by 2 to 4 points.
 - b. Reduction of NOx and particulates by 20%
 - c. Reduces fuel consumption by up to 4%.
 - d. Facilitates cold starting.
2. **Cleaning**
 - a. Clean and keep the injectors and fuel system clean
 - b. Maintains and adjusts the engine's optimum efficiency
 - c. Reduces black exhaust smoke through improved combustion
3. **Corrosion Inhibitor**
 - a. Reduces rust and corrosion in the injection system
 - b. Prevents deterioration and wear of fuel system components
4. **Lubricants**
 - a. Lubricates and protects the fuel pump and injectors

APPLICATIONS

1. Recommended for all vehicle diesel engines
2. Also for red diesel fuel

DIRECTIONS

1. Normal dosage: 0.25% (1 liter for 400 liters of diesel fuel)
2. Add to Tank Truck or Storage Tank Before Filling
3. For manual mixing without calibrated dosing unit

TECHNICAL DATA

1. Appearance - Yellow Liquid
2. Density - 0.8496 kg/dm³
3. Refractive Index at 20°C - 1.4539
4. Flash point - 62°C

PACKAGE

1. Product number: - 25389 - 25390
2. Content: - 200l - 1000l
3. Box: - 1 x 200 l - 1 x 1000l
4. Languages on label: - EN/FR/IT/NL - EN/FR

NOTE : The indicative values are average values and in no way specifications or guaranteed values.
